February 8, 2024

Mr. Otto's bus route (Bus #9) is changing due to the bridge closure on Old Stroud Road by the Oklahoma Turnpike Authority. We have worked on some changes to continue to transport all students on that route. These changes are estimated to impact some of the pickup/drop off times by around twenty minutes. It is expected all times for pickup/delivery will change in some way.

This change will start with the morning route on Monday, February 12<sup>th</sup>. Please communicate questions to your child's building principal for more specific information. We are working toward a smooth transition during this change and appreciate your patience.

Thank you for your time and consideration,

Joe L. Van Tuyl  
Superintendent
