

# Free Appropriate Public Education 2023-2024

Stroud Public Schools and Five Star Interlocal Co-op Public Schools believe all children have the right to a Free Appropriate Public Education (FAPE). This is mandated by the Individuals with Disabilities Education Act (IDEA), formerly known as Public Law 94-142. This federal law provides special education services for all children with disabilities from birth to age 21. This may include children who are: Developmentally Delayed, Intellectually Disabled, Learning Disabled, Hearing Impaired or Deaf, Blind or Partially Sighted, Emotionally Disturbed, Autistic, Traumatic Brain Injured, Other Health Impaired, Multiply Disabled, Speech or Language Impaired or Physically Disabled.

Stroud Public School and Five Star Interlocal Co-op Public School Districts are interested in locating and identifying children with disabilities who are not currently receiving services. We offer services such as: educational and psychological evaluations, counseling, speech and language evaluations in addition to basic services provided by the schools. Services are provided at no cost to the family.

If you have or know of a child who may benefit from our services, please call Joe Van Tuyl at (918-968-2541) Or Kim Reese at (918-225-5600) or (1-866-355-2667).
